APTITUDE ABILITY 11 of 25 points

✗ Q1.By which of the following is 19541742 divisible? * 0/1

I. 11
II. 9
III. 12

A. Both I and III

B. Only III

C. Both II and III ✗

D. Only I

Correct answer

D. Only I

✓ Q2. Simplify * 1/1

$$\frac{0.7 \times 0.7 \times 0.7 + 0.3 \times 0.3 \times 0.3 + 0.3 \times 0.7 \times 3}{0.7 \times 0.7 + 0.3 \times 0.3 + 0.42}$$

- (●) A. 1 ✓
- ( ) B. 1/3
- ( ) C. $-1/3$
- ( ) D. 3

✗ Q3. In an examination, 62% candidates passed in physics and 60% candidates passed in Mathematics. If 37% candidates passed in both these subjects, what percent of the candidates failed in both the subjects? *0/1

- ( ) A. 5%
- (●) B. 20% ✗
- ( ) C. 25%
- ( ) D. 15%

Correct answer

- (●) D. 15%

✓ Q4. If price of petrol increases by 35% and Rajesh intends to spend only an additional 25% on petrol, by
how much % will he reduce the quantity of petrol purchased? *1/1

- A. 14%
- B. 9%
- C. 11% ✓
- D. 13%

✓ Q5. If 20% apples from a cart are rotten and the remaining apples are sold at 20% discount, the seller gets 92% profit on the cost price of the whole cart. By what percent above the cost price has the seller marked up the apples? *1/1

- A. 180%
- B. 250%
- C. 200% ✓
- D. 280%

✓ Q6. Selling an item at 5/6th of its marked price results in a loss of 10%. What is the % of profit/loss, if a discount of 5% is offered on the marked price? *1/1

- A. 2.6% loss
- B. 2.6% profit ✓
- C. 3% profit
- D. 3% loss

✗ Q7. What is the value of (a + b + c)^2: (a^3 + b^3 + c^3) if (ab + bc + ca) = 131, (a^2 + b^2 + c^2) = 138 and abc = 280? *0/1

- (●) A. 15 : 43 ✗
- ( ) B. 18 : 41
- ( ) C. 20 : 49
- ( ) D. 17 : 434

Correct answer

- (●) C. 20 : 49

✓ Q8. The simple interest earned on a sum of Rs. 3650 at some rate after 4 years is Rs. 584. Find the rate of interest (in p.a.) *1/1

- ( ) A. 3.5%
- ( ) B. 4.5%
- ( ) C. 3%
- (●) D. 4% ✓

✓ Q9. If a : b = 3 : 4, b : c = 2 : 3, c : d = 1 : 2, find the value of ((a+b+c+d)/(b+d))^½ *1/1

- (●) A. 5 : 4 ✓
- ( ) B. 4 : 5
- ( ) C. 1 : 1
- ( ) D. 2 : 3

✓ Q10. Which of the following statements is true? * 1/1

I)27840 is divisible by 12

II) 7329753 is divisible by 9

- A. Statement I is true, but II is not
- B. Statement I is not true, but II is true
- (●) C. Both the statements are true ✓
- D. Both the statements are not true

✗ Q11.The LCM and HCF of the three numbers 48, 144 and p are 720 and 24 respectively, find the least value of p. *0/1

- A. 192
- B. 120
- C. 360
- (●) D. 180 ✗

Correct answer

- (●) B. 120

✓ Q12. A sum amounts to Rs. 16,000 at the end of three years and to Rs. 25,600 at the end of six years under compound interest (interest being compounded annually). Find the simple interest earned if the same sum is invested at 15% p.a. for two years. *1/1

- (●) A. Rs. 3,000 ✓
- ( ) B. Rs. 4,000
- ( ) C. Rs. 3,500
- ( ) D. Rs. 4,500

✗ Q13. A flask is filled with 20% acid. 49 ml of that solution is taken out and is replaced with 40% acid to make it a solution of 27% acid. Find the initial volume of the solution in the flask. *0/1

- ( ) A. 140 ml
- (●) B. 175 ml ✗
- ( ) C. 70 ml
- ( ) D. 105 ml

Correct answer

- (●) A. 140 ml

✓ Q14. Disha and Patni entered into a partnership. Disha invested as much money as was earned by Patni a share from the profit. If the profit was Rs. 18,000 and the money invested by Disha was Rs. 3,000 more than Patni, What is the investment made by Disha if it is less than Rs. 5,000? *1/1

- (●) A. Rs. 4,500 ✓
- ( ) B. Rs. 7,500
- ( ) C. Rs. 6,000
- ( ) D. Rs. 5,500

✗ Q15. If the 9-digit number 807x6y9z8 is divisible by 99, then the value of $(x + y + z)^{1/2}$ is _____ *0/1

- ( ) A. 4
- ( ) B. $3\sqrt{3}$
- (●) C. 6 ✗
- ( ) D. $\sqrt{5}$

Correct answer

- (●) A. 4

✗ Q16. Rahul and Sachin can complete a work in 60 days and 45 days respectively. Rahul starts working with
120% of his capacity and Sachin with 80% of his capacity. In how many days will they complete 75% of the work if they work together? *0/1

- A. 25.71
- B. 19.85
- C. 17.64 ✗
- D. 16.24

Correct answer

- B. 19.85

✗ Q17. The ratio of the speed of a bus and a car is 2:5. The car covers a distance of 280 km in some time and
the bus covers a distance of d km less in the same time. What is the distance covered by the bus? *0/1

- A. 132 km
- B. 168 km ✗
- C. 112 km
- D. 144 km

Correct answer

- C. 112 km

✗ Q18. A boat travels 12 km downstream and 6 km upstream in 3 hours. The same boat takes fifty percent extra time to cover 10 km downstream and 16 upstream. If the same boat travels 20 km downstream and z km upstream in 4 hours, find z. *0/1

- (●) A. 8 km ✗
- ( ) B. 4.5 km
- ( ) C. 7.5 km
- ( ) D. 9 km

Correct answer

- (●) B. 4.5 km

✗ Q19. Ranjeet's present age is half of his brother Manjeet's age after 10 years. After 5 years, the ratio of ages of Manjeet and Ranjeet will be 7 : 5. Find Ranjeet's age 2 years ago. *0/1

- ( ) A. 25 yrs
- (●) B. 20 yrs ✗
- ( ) C. 15 yrs
- ( ) D. 18 yrs

Correct answer

- (●) D. 18 yrs

✓ Q20. A plane is cutting a cone parallel to the base in such a way that the radius of the new cone is half of
the radius of the original cone. Find the ratio of the volume of the original cone to that of the volume of the
portion of the cone left after being cut by the plane (the part other than the new cone). *1/1

- (●) A. 8 : 7 ✓
- ( ) B. 9 : 7
- ( ) C. 7 : 6
- ( ) D. 8 : 5

✗ Q21. Find the geometric mean of the data 5, 75 and 9. * 0/1

- ( ) A. 15
- ( ) B. 5
- (●) C. 45 ✗
- ( ) D. 3

Correct answer

- (●) A. 15

✗ Q22. If the arithmetic mean of 23, 15, 19, p, 12, 7, is 16 while the arithmetic mean of 37, 28, 53, q, 42 is 41,
then find (p+q)/(q-p) *0/1

- A. 2.6
- B. 2.2 ✗
- C. 3.5
- D. 3.2

Correct answer

- A. 2.6

✓ Q23. Find the difference between arithmetic mean and median of the first seven consecutive natural
numbers. *1/1

- A. 1
- B. 3.5
- C. 2
- D. 0 ✓

✗ Q24. Find the quartile deviation of the observations 16, 2, 8, 24, 4, 32, 18. * 0/1

- ○ A. 8
- ◉ B. 12 ✗
- ○ C. 6
- ○ D. 10

Correct answer

- ◉ D. 10

✗ Q25. The standard deviation of a series of 'n' observations is σ. If each observation is multiplied by 12, the respective ratio of the standard deviation and the variance is: *0/1

- ◉ A. 1 : 9σ ✗
- ○ B. 1 : 12σ
- ○ C. 3σ : 1
- ○ D. σ : 1

Correct answer

- ◉ B. 1 : 12σ

REASONING ABILITY 9 of 15 points

✓ Q1. Which is the WRONG term in the following series? * 1/1
LAT, OES, QIR, SOQ, UUP

- (●) A. QIR ✓
- ( ) B. LAT
- ( ) C. UUP
- ( ) D. SOQ

✓ Q2. The table shows the total number of 10th class students in 5 different schools [P, Q, R, S and T] *1/1
and the ratio of the number of students in Art, Commerce and Science respectively.
The students study only the above subjects in the class of each school.

School Total Students Arts : Commerce : Science
P 240 1 : 2 : 3
Q 450 7 : 1 : 1
R 360 5 : 4 : 3
S 180 2 : 5 : 3
T 330 6 : 4 : 1
What is the total number of Science students in school P, Q and R together?

- ( ) A. 290
- ( ) B. 220
- (●) C. 260 ✓
- ( ) D. 240

✗ Q3. In each of the five pairs of letter-clusters, the letters in the second term are a rearranged/transformed form of the letters in the first term in a particular pattern. In which two pairs, has the transformation been done in the same way? *0/1

A. PLANT : PLZMG
B. MANGO : MAMTL
C. BLACK : BLBDP
D. TABLE : ATLBE
E. CHEER : HCREE

- ○ A. A and B
- ○ B. D and A
- ○ C. B and C
- ◉ D. C and D ✗

Correct answer

- ◉ A. A and B

✗ Q4. Given below is a question followed by two statements, I and II each containing some information. Decide which of the statement(s) is/are sufficient to answer the question. Five persons - A, B, C, D and E - sit around a circular table, facing the centre not necessarily in that order. Who sits second to the right of D? I. A sits to the immediate right of E, who is not a neighbour of D. II. B is to the immediate left of D. *0/1

- (●) A. If only statement II is sufficient to answer the question ✗
- ( ) B. If the data in both the statements I and II together are necessary to answer the question.
- ( ) C. If only statement I is sufficient to answer the question.
- ( ) D. If the data either in statement I alone or in statement II alone is sufficient to answer the question.

Correct answer

- (●) B. If the data in both the statements I and II together are necessary to answer the question.

✓ Q5. In a certain code, if: * 1/1
I. J @ K means J is K's daughter.
II. J % K means J is K's wife.
III. J + K means K is J's father.
IV. J ÷ K means K is J's mother.
F @ R % I ÷ E % N
How is R related to N in the given expression?

- (●) A. Daughter-in-law ✓
- ( ) B. Mother-in-law
- ( ) C. Son-in-law
- ( ) D. Mother

✗ Q6. In a certain code, if: *0/1

K @ L means K is L's father.
K # L means K is daughter of L.
K % L means L is mother of K.
K + L means K is grandson of L.
K × L means L only child of K.
K © L means K is L's sister.
R + A × E @ F # G © T
Which of the following is a CORRECT conclusion drawn from the expression?

- ○ A. F is daughter of A
- ○ B. R is father of T.
- ◉ C. E is mother of T. ✗
- ○ D. R is son of G.

Correct answer

- ◉ D. R is son of G.

✗ Q7. The given question consists of six statements followed by 4 options consisting of three statements put together in a specific order. Choose the option, which indicates a valid argument that is, when the third statement is a conclusion drawn from the preceding two statements. *0/1

a. Magazines are published weekly.
b. Some magazines are not newspapers.
c. Newspapers are published daily.
d. Magazine is not published daily.
e. Magazines are not newspapers.
f. Some newspapers are not published weekly.

- (●) A. b f e ✗
- ( ) B. a f c
- ( ) C. d c f
- ( ) D. a c e

Correct answer

- (●) D. a c e

✗ Q8. Three statements are given followed by two conclusions numbered I and II. You have to consider these statements to be TRUE, even if they seem to be at variance with commonly known facts. Decide which of the given conclusions logically follows from the given statement. *0/1

Statements:
Some books are cars.
No bus is a car.
Some cars are motors.
Conclusions:
I. Some motors are not buses.
II. Some books are buses.

- (●) A. If either I or II follows ✗
- ( ) B. If neither I or II follows
- ( ) C. If only II follows
- ( ) D. If only I follows

Correct answer

- (●) B. If neither I or II follows

✓ Q9. A statement is followed by two assumptions numbered I and II. Consider the statement and decide which of the given assumptions is/ are implicit in the statement. *1/1

Statement:
Country X will talk on every issue and try to resolve every conflict with its neighbouring country.
Assumptions:
I. Country X wants a peaceful relation with its neighbouring country.
II. Country X will appear weaker than the neighbouring country if it tries to solve the matter by talking.

- A. Neither I nor II is implicit.
- B. Only II is implicit.
- C. Only I is implicit. ✓
- D. Both I and II are implicit.

✓ Q10. Two statements are given followed by two conclusions numbered I and II. You have to consider these statements to be TRUE even if they seem at variance with commonly known facts. Decide which of the conclusions logically follows from the given statement. *1/1

Statements:
All runs are overs.
Some overs are bats.
Conclusions:
I. All bats are runs.
II. No bat is a run.

- A. If either I or II follows.
- B. If neither I nor II follows. ✓
- C. If only I follows.
- D. If only II follows.

✓ Q11. Rohan is selecting pizza from a pizzeria. Following are the criteria of selection by him for the pizza. *1/1

a. It must be a non-veg pizza.
b. It must cost less than INR 450.
c. It must be a hand toasted pizza.
d. If any pizza is satisfying all the criteria given above except c, but it is a cheese burst pizza, then he needs permission from his uncle.
e. If any pizza is satisfying all the criteria given above except b, but provides mushroom and corn for free, then he needs permission from his mother.
"Pizza on the spot" house is providing a new hand toasted non-veg pizza which costs Rs.550. It provides free toppings of onion, capsicum, corn, paneer and tomato.

- A. He will need to take permission from his uncle.
- B. It will not be selected. ✓
- C. He will need to take permission from his mother.
- D. It will be selected.

✓ Q12. Five persons A,B,C,D, and E are comparing the number of books which they have bought recently. A bought more number of books than C and E, but not the highest. B bought more number of books than exactly one person. Then which of the following bought the highest numbers of books? *1/1

- A. C
- B. E
- C. D ✓
- D. B

✓ Q13. I, J, K, L, M and N have their birthdays not in the same order but in different months such as January, February, April, July, August and December. Two people have their birthdays between N and J's birthday. M's birthday is not in the second half of the year. The birthday of N is either in January or August. K's birthday falls in the month having the minimum number of days. At the most, 3 people have birthdays between N and I's birthday. Whose birthday falls exactly between N and I's birthday? *1/1

- A. Person I
- B. J, birthday in July
- C. Person J
- D. The one whose birthday is in April. ✓

✗ Q14. Eight persons A,B,C,D,E,F,G and H are sitting around a square table . All of them are facing towards the centre. Only one person sits on each of the sides and only one person sits on each of the corners. Four of them sit on the sides and four of them sit on the corners. C is sitting 3rd to the left of B, who sits on a side. D is sitting opposite to H, who is sitting 3rd to the right of B. A is sitting 2nd to the right of G. G is not sitting opposite to either E or F, F is not an immediate neighbor of H. Who among the following is sitting opposite to A? *0/1

- A. C
- B. B
- C. F ✗
- D. E

Correct answer

- D. E

✓ Q15. Six friends L, M, N, O, P and Q are sitting around a circular table and facing outside. Q is sitting fourth to the left of M, who is sitting to the immediate left of N. P is sitting opposite to N and and adjacent to O. O is not sitting adjacent to Q. Which of the following statements is TRUE? *1/1

- A. L is adjacent to P ✓
- B. M is between O and P
- C. P is sitting opposite to Q
- D. There are 3 friends sitting between M and L.

VERBAL ABILITY 7 of 10 points

✗ Q1. One part of the sentence below may contain an error. Identify the part. If there is no error, choose 'No error'. *0/1

A sociologist studies the ways in which people live together, raise their family and follow community structures and customs.

- A. and follow community structures and customs.
- B. A sociologist study the ways in which
- C. people live together, raise their family ✗
- D. No error

Correct answer

- B. A sociologist study the ways in which

✓ Q2. One part of the sentence below may contain an error. Identify the part. If there is no error, choose 'No error'. *1/1

May you carry these books for me, please?

- A. No error
- B. carry these books
- C. for me, please?
- D. May you ✓

✓ Q3. One part of the sentence below may contain an error. Identify the part. If there is no error, choose 'No error'. *1/1

Neither of them are going to attend the meeting

- A. No error
- B. going to
- C. Neither of them are ✓
- D. attend the meeting

✓ Q4. Read the following paragraph and fill in the blanks by selecting the appropriate words. *1/1

The cost of production of electricity has increased in the last two years. Because of high production changes,
the government has ___1___ the people to reduce their electricity ___2___. Hopefully, the situation will be at
ease in the coming years.
Blank 1: A. persuaded B. funded C. resulted D. convinced
Blank 2: A. connection B. consumption C. station D. meter

- A. 1-D, 2-C
- B. 1-C, 2-D
- C. 1-A, 2-B ✓
- D. 1-B, 2-A

✓ Q5. Select the most appropriate option to fill in the blank * 1/1
Eagles can fly _____ sparrows.

- ○ A. taller than
- ◉ B. higher than ✓
- ○ C. taller then
- ○ D. higher then

✓ Q6. Read the following paragraph and fill in the blanks by selecting the appropriate words. *1/1
There are many hobbies that one can practise for leisure. Travelling for exploration can be one of the most
1._____ hobbies one can practise. Nevertheless, it is the most expensive too, as nowadays the airfares
are 2._____. However, one can still explore cheaper options and nearby destinations for travelling.
Blank 1: A. nourishing B. glorifying C. dissatisfying D. fulfilling
Blank 2: A. distribution B. refunding C. decreasing D. skyrocketing

- ○ A. 1-A, 2-B
- ○ B. 1-D, 2-A
- ○ C. 1-B, 2-C
- ◉ D. 1-D, 2-D ✓

✗ Q7. Read the following sentence and fill in the blank by selecting the appropriate word. *0/1

The most obvious evil of the advertisement industry lies in the exaggerated _____ of the products actual goodness.

- A. misinformation
- B. determination
- C. judgement
- D. portrayal ✗

Correct answer

- A. misinformation

✗ Q8. Read the following sentence and fill in the blank by selecting the appropriate word. *0/1

It is not easy to _____ the profoundness of a mother's love for her child.

- A. overestimate
- B. fluctuate
- C. equate
- D. evaluate ✗

Correct answer

- C. equate

✓ Q9. For the four-sentence (S1 to S4) paragraph below, sentence S1 and S4 are given. From the options P,Q and R, choose the most appropriate sentences for S2 and S3 respectively. *1/1

S1. Recently a study was undertaken in the school of the UK to ascertain which country's children have the highest IQ.

S2.

S3.

S4. Though the validity of IQ as a measure of the intelligence is debatable, this study surely lifted the spirit of the Indian children.

P. The study revealed that the Indian children were superior to the natives of other countries.

Q. This result was mighty surprising for many education experts.

R. If this is the truth, then why is there a brain drain in India?

- A. QR
- B. PQ ✓
- C. RP
- D. PR

✓ Q10. For the four sentence (s1 to S4) paragraph given below, sentences S1 and S4 are given. From the options P, Q and R, choose the appropriate sentences for S2 and S3 respectively. *1/1

S1. Research suggests that the price of products and advertisements motivate customers to try out new products

S2.

S3.

S4. Above all, the credibility of the source of the advertised message affects the consumers judgement of the performance risk associated with the product being advertised.

P. The conflicting findings may be due to the nature of advertisements

Q. The relationship between price and perceived performance risk is also impacted by the presentation of an advertised message.

R. A relatively high price will reduce the consumer's perception of performance risk.

- (●) A. QP ✓
- ( ) B. QR
- ( ) C. RQ
- ( ) D. PQ
