APTITUDE ABILITY 22 of 23 points

✓ A number 452p36 is such that it is divisible by 36. What can the value of p2 be? *1/1

A.36

B.49 ✓

C.25

D.16

✓ Find the value of * 1/1

$$\frac{(5.7)^4+(3.3)^4+(18.81)^2}{(5.7)^2+(3.3)^2-(18.81)} = ?$$

A.53.89

B.61.79

C.59.59

D.62.19 ✓

✓ Q * 1/1

If $x = \frac{7}{12} \div \frac{3}{4}$ of $\left(3\frac{1}{3} - \frac{5}{2}\right) - \frac{4}{15}$ and $y = (0.9\bar{1} \div 0.\overline{82}) \times \frac{2}{11}$, then the value of $(x \div y)$ is:

- A.2/15
- B.2 1/6
- C.6 2/3
- D.NONE ✓

✓ Q * 1/1

The value of $\dfrac{(8.3)^2+(7.9)^2+6.2(6.2+7.9+8.3)-8.3\times7.9}{(83)^3+(79)^3-(62)^3+83\times237\times62}$

- A.0.001
- B.0.1
- C.0.0001 ✓
- D.0.01

✓ The expenditure of Rashmi is equal to 225% of her savings. If her income increases by 20% and the expenditure increases by 40%, then her savings will _____ *1/1

- A.decrease by 20%
- B.increase by 25%
- C.increase by 33(⅓)%
- D.decrease by 25% ✓

✓ A business lady bought 400 handbags. She sold 100 of them at a profit of 20% and the rest at 10% profit. Find her overall profit %. *1/1

- A.11.25%
- B.12.5% ✓
- C.16.75%
- D.13.75%

✓ Rajesh runs a shop where he sells articles which are of equal marked prices. Rajesh had bought each of these articles at an equal cost price. Even after selling articles at a discount of 20%, Rajesh earns a profit of 20%. If on a particular day Rajesh earned a profit equal to the cost price of 100 articles by selling articles at marked price, how many articles did Rajesh sell on that day? *1/1

- A.200 ✓
- B.150
- C.100
- D.300

✓ Simple interest on a sum after 32 months at 24 (4/9) % rate of interest is Rs. 7040. What is the compound interest on 28 ⅓ % more sum at 20% rate of interest after 2 years? *1/1

- A.Rs. 5575.4
- B.Rs. 5447.4
- C.Rs. 6098.4 ✓
- D.Rs. 6194.4

✓ A loan of Rs. 52160 has to be returned in two equal annual installments. If the rate of interest is 3.75% p.a., compounded yearly, the total interest to be paid is *1/1

- A.Rs. 2824
- B.Rs. 2842
- C.Rs. 2925
- D.Rs. 2952 ✓

✓ In a school, a total of 12 cakes of 1.5 kg each are ordered for the distribution of cakes to the children. Each boy is given 20 grams of a piece of cake and each of the girls is given a piece of 30 grams of cake. The number of girls in the school is twice the number of boys. Find the total number of children in the school. *1/1

- A.675 ✓
- B.650
- C.475
- D.525

✓ 30L container has pure milk. 3L of milk is taken out and replaced with water. How many times this process must be done so that the concentration of pure milk reduces by 27.1%? *1/1

- (●) A.3 ✓
- ( ) B.4
- ( ) C.2
- ( ) D.1

✓ Vessels A and B contain solutions of only alcohol and water. The ratio of alcohol and water A is 3:5 and in B, it is 9:7. The contents of A and B are mixed in the ratio 3:2. How much water(in mL) should be added to 180 mL of the resulting solution to get a new solution containing alcohol and water in the ratio 1:2? *1/1

- ( ) A.68
- (●) B.63 ✓
- ( ) C.65
- ( ) D.70

✓ Working 9 hours daily, 32 men can complete a piece of work in 25 days. In how many days, can 40 men complete 2.5 times the same work working 6 hours daily? *1/1

- (●) A.75 ✓
- ( ) B.72
- ( ) C.60
- ( ) D.80

✗ A water taxi requires 9 hrs to cover 20 km upstream or 120 km downstream. Find the total time it takes for a round trip between city A and city B, separated by a distance of 40 km. *0/1

- A.15
- B.21
- C.22.5
- D.18 ✗

Correct answer

- B.21

✓ Two persons were approaching each other at 12 km/hr and 24 km/hr respectively. A train moving in the same direction as the faster man took 25 seconds to cross him and 15 seconds to cross the other one. Find the speed of the train (in km/hr). *1/1

- A.60
- B.45
- C.78 ✓
- D.66

✓ At a shop, the price of rice per kg is Rs. 15 less than the price of wheat per kg, while the price of black gram is Rs. 10 more than the price of wheat per kg. A customer bought six kg each of rice, wheat, and black gram for Rs. 780. What is the price of 2 kg of rice and 3 kg of black gram? *1/1

- (●) A.Rs. 225 ✓
- ( ) B.Rs. 165
- ( ) C.Rs. 195
- ( ) D.Rs. 255

✓ Two parallel sides of a trapezium are in the ratio of 4:3 and the distance between the two parallel sides is 50% less than the sum of the lengths of the two parallel sides. Find the sum of the lengths of the two parallel sides if the area of the trapezium is 784 sq.cm. *1/1

- ( ) A.35 cm
- (●) B.28 cm ✓
- ( ) C.42 cm
- ( ) D.56 cm

✓ A candle in the shape of a cylinder has a radius of 12 cm and is 4 cm long.By how many centimeters can the length be increased so that when the radius is increased by the same amount, the weight of the candle increases equally? *1/1

- A.12 cm
- B.6 cm ✓
- C.4 cm
- D.8 cm

✓ Let x, y and z be the mean, median and range, respectively of the following data:
10, 7, 12, 21, 37, 14, 19, 28, 18, 12 and 42.
What is the value of (x+y-z)? *1/1

- A.3 ✓
- B.4
- C.2
- D.7

✓ If the standard deviation of x1,x2,.....,xn is S, the variance of x1 + c, x2 + c, is _____ *1/1

- A.28
- B.8
- C.s^2 ✓
- D.s

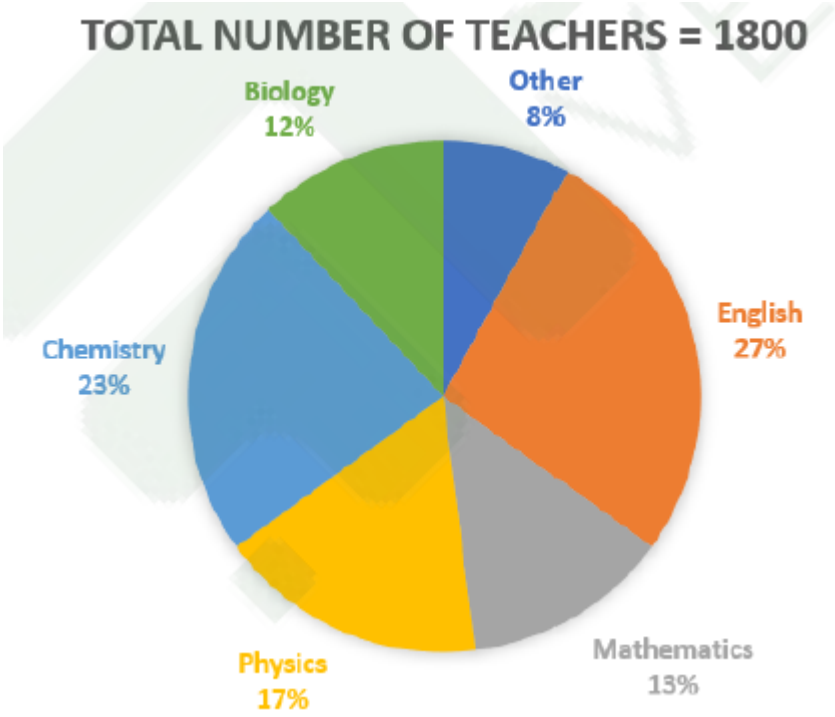

✓ Three years ago, the average age of a family of four members was 26 years. The average age of thetwo children of the family five years ago was eight years. What is the age of the elder persons of the family? *1/1

- A.50 yrs
- B.45 yrs ✓
- C.35 yrs
- D.40 yrs

✓ The percentage wise distribution of teachers who teach six different subjects is as follows.
Total number of teachers = 1800

*1/1

What is the total number of teachers teaching Chemistry, English and Biology?

- A.1226
- B.1176
- C.1116 ✓
- D.998

✓ Study the following table which shows the number of computers sold by stores A and B in January to June 2020, and answer the question that follows: *1/1

Months	Stores	
	A	B
January	185	280
February	225	255
March	250	320
April	200	265
May	315	300
June	425	320

The average number of computers (per month) sold by store B in February, April and June is what percent more than the average number of computers sold by store A in January and May?

- (●) A.12% ✓
- ( ) B.10%
- ( ) C.12.5%
- ( ) D.7.5%

REASONING ABILITY 16 of 16 points

✓ Which is the WRONG term in the following series? * 1/1
BEG, DGI, GJL, KMP, PSU

- ( ) A.GJL
- ( ) B.DGI
- (●) C.KMP ✓
- ( ) D.PSU

✓ In each of the four pairs of letter-clusters, the letters in the second term are in a rearrange/transformed form of the letters from the first term in a particular pattern. In which two pairs, has the transformation been done the same way? *1/1

[A]MASTER - RTSMAF
[B]POSTAL - LTOPSA
[C]HASTEN - NTSAHE
[D]FATHER - RHAFTE

- A.B and C
- B.A and D ✓
- C.B and D
- D.A and C

✓ Given below is a question followed by two statements, I and II each containing some information. Decide which of the following statement(s) is/are sufficient to answer the question. *1/1

What is the sum of the roots of the quadratic equation ax2+bx+c = 0?

1.The roots of $ax^2+bx+c = 0$ are successive integers whose product is 30
2.The roots of $ax^2+bx+c = 0$ are distinct integers such that the sum of their squares is 72

- A.If the question cannot be answered even by using both the statements together
- B.If the question can be answered by using both statements together but cannot be answered by usingeither statement alone
- C.If the question can be answered by using either statement alone
- D.If the question can be answered by using one of the statements alone but cannot be answered by usingthe other statement alone ✓

✓ Given below is a question followed by two statements, I and II each containing some information. Decide which of the following statement(s) is/are sufficient to answer the question. *1/1

What is the average age of the father, mother and son?

Statements:
I.The ratio of the age of the mother and son is 5:3. Father is 4 years older than the mother, who was as oldas the sons 22 years ago.
II.The son is now as old as the father was 26 years ago. The average age of the father and mother is 57years.

- A.Both the statements I and II together are not sufficient.
- B.Statement I alone is sufficient.
- C.Statement II alone is sufficient. ✓
- D.Both the statements I and II are necessary.

✓ Given below is a question followed by three statements I, II and III, each containing some information. Decide which of the given statements is CORRECT. *1/1

Six persons A, B, C, D, E and F are sitting around a circular table facing towards centre. Who sits second to the right of D?

I.C and D are immediate neighbours and C is sitting opposite B.
II.A is not a neighbour of E, but is a neighbour of B.
III.D is not a neighbour of A, but is second to the right of F.

- A.Only I and III
- B.Only I and II ✓
- C.Only II and III
- D.All three together

✓ In a certain code, if; * 1/1
A-B means, A is wife of B
A/B means, A is brother of B
A+B means, A is daughter of B
AxB means, A is son of B

Which of the following expressions represent that D is the father of B?

- A.B/D+I-K
- B.BxD/K-I ✓
- C.B/I-DxK
- D.I-K+D+B

✓ In a certain code, if: *1/1
If 'A x B' means A is the son of B.
If 'A + B' means A is the father of B.
If 'A > B' means A is the daughter of B.
If 'A < B' means A is the wife of B.
Which of the following pairs of people represents cousins with regard to the relations given in the expressions, if it is provided that A is the sister of J?
'L > V < J + P' and 'S X A < D + F < E + K'

- A.SV
- B.SP ✓
- C.LP
- D.SF

✓ Six movies are played on six consecutive days of the week, starting from Monday. Rambo is played after Diago, Noorie is telecast between Diago and Akira. Blade is played immediately after Hungaama but before Akira. Which movie is played on Tuesday? *1/1

- A.Noorie
- B.Hungaama
- C.Blade ✓
- D.Akira

✓ Seven coloured balls -Violet, Purple, Blue, Green, Yellow, Orange and Red are put together in a row during a game. Yellow ball is to the immediate left of Purple ball. Violet is to the left of Blue but not between Blue and Purple. Exactly four balls are between Blue and Purple. If Violet and Green have two balls between them, how many balls do Orange and Red have between them. *1/1

- A.3
- B.0
- C.1 ✓
- D.2

✓ In a class, seven students are given different ranks such that the one who got the highest marks was ranked highest i,e. rank 1 and the one who got lowest was ranked lowest. Number of students ranked higher that Q is same as that ranked lower than S. K's marks are less than J's. S is ranked just higher than J. D's marks are lower than T but more thaQ, who is ranked higher than S. N's marks are more than J. What is N's rank? *1/1

- A.4th
- B.3rd ✓
- C.5th
- D.2nd

✓ P, Q, R, S, T, U, V, W and X are nine industries. R is 2km to the east of Q. P is 1km to the north of Q and W is 2km to the south of P, V is 1km to the west of W, while S is 3km to the east of V. U is 2km to the north of V. X is situated exactly between Q and R while T is exactly between W and S. What is the distance between P and U? *1/1

- A.1.41 km
- B.3 km
- C.2 km
- D.1 km ✓

✓ Two statements are followed by two conclusions numbered I and II. You have to consider these statements to be TRUE, even if they seem to be at variance with commonly known facts. Decide which of the given conclusions logically follow/s from the given statement. *1/1

Statements:
All liquids are water.
Some solid are liquids.
Conclusions:
I.Some water is solid.
II.Some water is not liquids.

- A.If only II follows
- B.If either I or II follows
- C.If only I follows ✓
- D.If neither I not

✓ A statement is followed by two assumptions numbered I and II. Consider the statement and decide which of the given assumption(s) is/are implicit in the statement. *1/1

Statement
In spite of normal demand-supply conditions, company X is reducing the price of sugar this year.
Assumptions
I.Other companies are also reducing the price
II.Quality of sugar this year by company X is not too good to put high price

- A.Only assumption II is implicit
- B.Both I and II are implicit
- C.Neither I nor II is implicit
- D.Only assumption I is implicit ✓

✓ A statement is followed by two arguments numbered I and II. Decide which of the argument(s) is/are strong (important and directly related to the question) and which is/are important and not related to the central message of the question). *1/1

Statement:
Should Naya Pradesh be divided into small states?
Arguments:
I.Yes. It is a hugely populated state and so it is difficult to manage a state with such a large population.
II.No. Current state government is trying to rule at its best.

- A.Both I and II are strong
- B.Only argument I is strong ✓
- C.Neither I nor II is strong
- D.Only argument II is strong

✓ The production by a company ‘xyz’ in the year 1997 was double than that in the year 1995 where the production in 1995 was 30000. The production in the year 1996, 1888, 1999 and 2000 were 46000, 70000, 50000 and 80000 respectively. *1/1

For how many years was the production more than the average production of the given years?

- A.1
- B.3 ✓
- C.2
- D.4

✓ In the following diagram, the shape indicates different categories of persons and the numbers in different segments show the number of persons.
How many women MBAs are either corporate managers or hardworking but not both? *1/1

- (●) A.18 ✓
- ( ) B.13
- ( ) C.15
- ( ) D.16

VERBAL ABILITY 10 of 11 points

✓ One part of the sentence below may contain an error. Identify the part. If there is no error, choose ‘No error’. *1/1

When Shailja will come, we will have to talk about the issue together.

- ( ) No error
- ( ) about the issue together
- ( ) we will have to talk
- (●) When Shailja will come, ✓

✓ One part of the sentence below may contain an error. Identify the part. If there is no error, choose ‘No error’. . *1/1

Real Madrid brilliantly played against Barcelona last night.

- (●) brilliantly played ✓
- ( ) against Barcelona last night.
- ( ) Real Madrid
- ( ) No error.

✗ One part of the sentence below may contain an error. Identify the part. If there is no error, choose ‘No error’. *0/1

Tyrion Lannister is better of the two advisors of the queen.

- (●) Tyrion Lannister is better ✗
- ( ) of the queen
- ( ) No error
- ( ) of the two advisors

Correct answer

- (●) No error

✓ Select the most appropriate option to fill in the blank. * 1/1

Let us wait _____ the clock strikes twelve

- ○ up to
- ○ since
- ◉ until ✓
- ○ unless

✓ Select the most appropriate option to fill in the blank * 1/1

I _____ waiting for two hours and I cannot wait any longer.

- ◉ have been ✓
- ○ would been
- ○ would have been
- ○ should be

✓ Select the most appropriate option to fill in the blanks *1/1

Srikant _____ his corporate job and joined the TASC force to ____ his country.

- ○ relinquish; serve
- ○ has relinquish; served
- ◉ relinquished; serve ✓
- ○ relinquished: served

✓ For the four-sentence (S1 to S4) paragraph below, sentence S1 and S4 are given. From the options P,Q and R, choose the most appropriate sentences for S2 and S3 respectively. *1/1

S1. Although we commonly say that fire ants bite, fire ants actually sting.
S2.
S3.
S4. But the younger ones, whose stingers and skeletons are not fully developed, play dead.
P. Adult fire ants are aggressive and attack in swarms. Q. They sting humans who disturb their nest.
R. Their nest consists of a loose mound with small cavities for ventilation.

- RP
- PR
- QP ✓
- PQ

✓ For the four sentence (s1 to S4) paragraph given below, sentences S1 and S4 are given. From the options P, Q and R, choose the appropriate sentences for S2 and S3 respectively. *1/1

S1. Matcha tea is a variant of the Japanese green tea. S2.
S3.
S4. According to many sources, the main antioxidant in green tea, EGCG, boosts metaback.
P. One serving of Matcha tea has 10 times more antioxidants than one cup of brewer green tea.
Q. It is made from whole tea leaves and packed with antioxidants.
R. Green tea gets its signature green colour from chlorophyll, which is a powerful detoxifier.

- RP
- PQ
- QP ✓
- RQ

✓ Some sentences are missing from the given text. Choose from the list (A-C) the most appropriate for each gap (1-2) in the text. There is one extra sentence/part that you do not need to use. *1/1

Krupabai Satthianadhan was India's pioneering writer in English. ____1____ She also authored a novel Saguna--A story of Native Christian life. ___2___ Krupabai then went on to write another novel Kamala--A story of Hindu Life before her untimely death at the age of 31. This was published posthumously.

A. A native of the Bombay Presidency, she wrote articles for periodicals under the by-line An Indian Lady.

B. Queen Victoria is believed to have read this novel and been impressed.

C. Krupbai received a scholarship to study medicine in the Madras Medical College.

- (1)-A, (2)-B ✓
- (1)-A, (2)-C
- (1)-C, (2)-A
- (1)-B, (2)-C

✓ Which one of the following sentences uses formal Language? * 1/1

- Can I sit beside you?
- I would be grateful if you consider my leave application. ✓
- Let's go to the park today.
- Hey! What are you doing here?

✓ The following sentence can be revised into one better sentence. * 1/1
Choose the sentence that is the best answer.

The principal met the students. The principal had won an award.

- ○ The principal met the students and they had won an award.
- ◉ The principal who had won an award met the students. ✓
- ○ The principal met the students who had won an award.
- ○ The principal met the students and won an award.
